

CLEAN-OUT (I.D. AND N.P.S.) PLUG TYPE

The cover of this type of clean-out is provided with snugly fitting plug.
The inside of the pipe, with plug in place, provides smooth bore eliminating stock hang-up.

Nominal Size		Dia.		H	
mm	inch	mm	inch	mm	inch
100	4	162	6-3/8	70	2-3/4
150	6	212.7	8-3/8	70	2-3/4

Material: ASTM A-240 types 304L and 316L (stub and plug).

CLEAN-OUT (I.D. AND N.P.S.) QUICK-OPENING TYPE

Quick opening clean-out as shown was introduced by Douglas Bros. several years ago, and since then, thousands have been installed in Paper Mills.
It is ideally suited for welding at the end of the pipe-run or on elbows, providing quick and easy access for inspection and cleaning.

NOM Inside Dia.		Overall Height		Weight	
mm	inches	mm	inches	kg	lbs
100	4	222	8-3/4	5.9	13
150	6	238	9-3/8	9.1	20
200	8	267	10-1/2	12.7	28
250	10	336	13-1/4	15.5	34
300	12	371	14-5/8	20.0	44

Material: ASTM A-240 type 316.

Also available in 304, 304L and 316L upon request.
